TRAINING DIRECTORS NEWS

LMS/Blended Learning: Seven months into the LMS/Blended Learning and all seems to be going well. The first year apprentices now complete their homework on-line and take a quiz after each lesson. The quizzes are graded and become part of their grades. The instructor is able to review what is done online and tailor the class more efficiently.

Summer Safety Tips: Wear light colored clothing, drink plenty of fluids (water) and stay away from the sugary soda's and energy drinks as they speed up dehydration. Be safe, we all want you to return home in the same condition that you left. Taking chances is not worth the risk of losing a limb or a life, be safe.

EEO: The JATC is looking to increase its female and minority applications, if you know of any females/minorities that you think would be an asset to the IBEW & NECA, please have them apply.
