School Starting

September means school is starting back up. Make sure to watch you email for announcements and let your employer know when you have class!!

EEO

The JATC is looking to increase the number of females and minorities in our program. Please encourage people you may know from these groups to apply if you feel they will be an asset to the apprenticeship.

- JW classes are on hold until further notice
- Ceو. bluevolt.com is an excellent resource for online CEU classes

Southwest Washington

Electrical JATC

COVID-19

The initial outbreak and summer surge on COVID-19 was a huge challenge to the JATC. I commend the members of the IBEW and NECA and all the apprentices for their patience while we worked and re-worked plans to safely start operating again. Thanks to Barry Blackburn, Steve Thompson and Kathy Damrau for all their hard work and dedication to be able to continue running during the initial outbreak and re-opening. Here are some precautions we are taking to protect students and staff

- Masks required at all times in the building
- Only one customer in the lobby at a time
- Limiting the number of students in class to 12
- Limiting the number of students in the building to 24
- Practicing social distancing when possible
- Disinfecting tables after every class
